

November 25, 2002

Jacob W Starkey
Department of Physics
New River University

Mr. Starkey -

As head of security here at NRU, a position with a great number of responsibilities and duties involved in ensuring the safety of the students and employees of the campus, I must press upon you the gravity of the disservice that currently you pursue.

Your current "investigation" has come to my attention recently, as I have found a number of remnants you have left behind in your hasty attempts to uncover what I can only assume to be your unfounded ideas of governmental conspiracies. I can assure you, Mr. Starkey, that nothing of that nature occurs, or has ever occurred here at NRU, and your insistence is an insult to my authority and position. Furthermore, your carelessness has compromised not only your position here at NRU, but also the safety of your fellow students and employees.

With these considerations in mind, I must insist that you cease your foolish behavior and ridiculous investigation. Failure to comply will result in the termination of your security access at NRU, and concurrently, the termination of your assistanceship and education.

I do hope that you will heed my notice and not force me into taking more drastic measures.

Sincerely,

Craig Becker
Head of Security
New River University
