Comment: Waterboarding

Comment: Loud music playing incessantly

Comment: Isolation

Comment: Stripped naked

Section 8.1 Handling of Prisoners

This section will detail the Handling of Prisoners throughout the Prison System of West Djahar (PSWD). They are only suggested guidelines, the AS are free to improvise.

Section 8.1.1 Handling IM/FST

1. Upon entering PSWD IM/FST will be transported to the HF, and will have SMHM. Then they will be transported by AS to their temporary EA.
2. When the AS is ready he will transported to the HR.
3. Next, IM/FST will have NIHM. If that doesn't yield a SI, then proceed to,
4. IM/FST will have WIHM until either SI or PC is accomplished.

Section 8.1.1 Handling IM/FSA

1. Upon entering PSWD IM/FSA will be transported to the HF, and will have SMHM. Then they will be transported by AS to their temporary EA.
2. A Judiciary Appointee(JA) will need to decide which CA to their particular case.
3. This may take up to three months depending on the case load of the JA.
4. The IM/FSA will have BAHM to assure a SI.
5. When the JA decides the CA the IM/FSA will hear the LC.
6. Then depending on the severity of the LC, use the appropriate HM.
