

dawndilion/dawn: Team Vanessa (trusty friend); little contact with Vlad. Gave me the task to become the Queen. Very little information shared with him.

Telos/James: Team Both(?). Vanessa's "computer prince". Trusted by Vlad; doesn't share all information.

Jim: Team Vlad. Tried to convince Vanessa that Vlad is just concerned for her.

Bixi/Beka: Just joined. No team, since Vanessa is now MIA until after the New Year.

dizsa (sp)/Jane: Team Vlad, kinda. Vlad trusts her.

Paul (don't remember his name here, sorry): No idea.

Sarah (don't remember her name here, either): Team Vanessa. No contact that I know of with Vlad. Has been helpful with the pictures on the group.

Claire: Vanessa's BFF. Now has the task of receiving and scanning the rest of Vanessa's documents.

Vanessa: Flighty, silly girl. Mother passed away 10 years ago (12/11/99). Tasked by her uncle to upload documents/important information on the internet. She has now left, due to safety issues (which she did not specify).

Vladimir: Strange man, who says he wants to protect Vanessa, yet also wants to see the documents. He is our main contact at this time. Very knowledgeable about many subjects. Can't go out at night.

John: Man Vanessa met at the store. They went on a date and he began asking questions about Van's uncle, mentioning him by name. Vlad is very interested in who this person is.

Johan: Vanessa's uncle. Dying. Wants Vanessa to have people help her figure out the documents.
