Staxx: nice picture.

heldasset1: Thanks, but I don't know if I can take all the credit.

Staxx: Was it a collaborative effort then?

heldasset1: Of those symbols? I really can't say.

Staxx: i recognise some of the symbols used, but not all of them.

heldasset1: I do too, but I don't know the rest.

heldasset1: These symbols came to me one night. There was a whole page. You can say it was a hallucination.

Staxx: hallucinations whilst sleeping are commonly called 'dreams'

heldasset1: No it wasn't like that. I was awake.

Staxx: Ok. I see.

heldasset1: I turned the other side and there was a floating piece of paper

heldasset1: it was enlarged as if it was zoomed in

heldasset1: and there were these symbols

heldasset1: It happened last week. Slowly, I started to remember them.

Staxx: The most disturbing one that I recognise is the circle with the cross through it.

heldasset1: why is that?

Staxx: I recall seeing that in some VERY disturbing and unsettling material on the internet

heldasset1: OH i think I know where you are getting at

Staxx: I don't want to worry you, but have you heard of something called 'Marble Hornets'?

heldasset1: Yes I have

heldasset1: I did watch some of it as well

Staxx: That's where i recognise it from. If i was having hallucinations about that kind of thing i'd be a little worried.

heldasset1: I try not to worry

heldasset1: even though some material from Marble Hornets does disturb me

heldasset1: especially of that youtuber...totheark correct?

Staxx: Yes. That's correct. I once had a sleepwalking nightmare that was very closely linked with a totheark video.

Staxx: scared the shit outta me for days.

heldasset1: I can see why

heldasset1: I do watch that sometimes

heldasset1: however, when I saw the mask or what he is referred as masky....that's when I start to question

Staxx: The name 'Masky' makes something that is disturbing seem rather comical, dont you agree?

heldasset1: Yup

heldasset1: it's just one thing

heldasset1: if you would care to take a look at my blog, go to the section called HIM?

Staxx: what is it you want to show me? and where is yr blog?

heldasset1: ah hold on

heldasset1: <http://clgretel.files.wordpress.com/2010/02/photo-72-e1265130177690.jpg>

Staxx: if im honest..

Staxx: that picture made me jump about a foot off my sofa.

heldasset1: Ah hah, I am sorry

heldasset1: just it makes me wonder

heldasset1: also, I am planning to make detailed sketches of this man

heldasset1: This was only a rough sketch

Staxx: what???

Staxx: Dont tell me this was a sketch made from life?

Staxx: with yr own eyes??

heldasset1: ah hah no, it is from a dream

heldasset1: I remember dreams better when they are drawn visually

heldasset1: and in this dream, this person looked at me

Staxx: thank fuck. i was worried for a second

heldasset1: I am very sorry. I didn't mean to scare you

Staxx: i think you are the one who ought o be scared.

heldasset1: I am treating it as an inspiration than something to be scared about

heldasset1: at first I was scared, but then I grown accustomed to it

heldasset1: also, a great inspiration for my mask project for my Graphics Arts class 😊

Staxx: Yeah, that mask will certainly affect a few people.

Staxx: good luck with that class.

heldasset1: thank you

heldasset1: I am going to place my progress on the mask on the blog

heldasset1: and I will stay alert. I hope I didn't give you any potential nightmares tonight.

Staxx: haha, no... i'm a big boy.

heldasset1: ah hah riiiiight

Staxx: although my GF has gone away for the weekend and left in in the house alone, and there has been a powercut

heldasset1: now that's not pleasant

Staxx: so, i may get scared now the sunlighjt has faded!

heldasset1: I do have other drawings if you want to see

heldasset1: ah hah

Staxx: yes, i would like to see

heldasset1: This was the drawing that started it all

heldasset1: <http://clgretel.files.wordpress.com/2010/01/photo-681-e1264964857988.jpg>

heldasset1: It's something surrealistic I think. I wasn't going for anything, but it did require a darker color scheme.

heldasset1: but note to self, scan picture next time

Staxx: those tree look like they are made from flesh and meat

Staxx: and what is THAT in the foreground?

heldasset1: I think you are the one with the disturbing mind sir

Staxx: that figure?

heldasset1: Well...it kept on changing

Staxx: i recognise the circle / cross symbol again.

heldasset1: First I thought it was a girl

Staxx: where the figu=res head is...

heldasset1: oh....

Staxx: it seems like all these drawings are connected in some way..

heldasset1: it was the first one

heldasset1: here is the process

heldasset1: It first started with this

heldasset1: <http://clgretel.files.wordpress.com/2010/01/photo-44-e1264677179751.jpg>

heldasset1: <http://clgretel.files.wordpress.com/2010/01/photo-45.jpg>

heldasset1: <http://clgretel.files.wordpress.com/2010/01/photo-51-e1264854120176.jpg>

heldasset1: and then what you see now

heldasset1: <http://clgretel.files.wordpress.com/2010/01/photo-681-e1264964857988.jpg>

heldasset1: I paid more attention to the trees than the figure. To be quite honest, I don't know why I crossed that figure in the foreground.

heldasset1: I might have grown lazy and said to myself, fuck it...

Staxx: there is also what appears to be either roots, or tentacles coming out of the trees

Staxx: in the final drawing

heldasset1: I though it was just fog setting in
heldasset1: hmm...
heldasset1: hold on.
heldasset1: I will have to get my sketchbook to look at it closely
Staxx: ok.
heldasset1: okay, it is either darkness setting in or your theory
Staxx: not a theory, just the 1st thing that suggested itself to me.
Staxx: it could be just as easiley fog
heldasset1: yeah
heldasset1: to be quite honest, when I looked at it, I grown a little disturbed.
heldasset1: but fascinated
Staxx: that's the effect the type of thing has.
Staxx: a sinister fascination.
heldasset1: good way to put it
heldasset1: and the next page, it is the drawing of HIM
heldasset1: I...want to tear that picture out of my sketchbook
Staxx: you would like to look away, tear up the page, but something compels you to keep looking, keep watching
Staxx: I think that 'something'... it might be... 'him'.
heldasset1: well
heldasset1: I do gave it a name
heldasset1: it might be the same person or not
Staxx: whats that?
heldasset1: a dark figure
heldasset1: very tall
heldasset1: it's like a shadow person
heldasset1: its head reached the ceiling of my room
heldasset1: it was at the corner
Staxx: you saw this in a dream?
heldasset1: no
heldasset1: I think it was a strange hallucination
heldasset1: a recurring hallucination, happens once in a while
heldasset1: it was looking at me and then it looked toward the window
heldasset1: I don't know if it stayed the whole night, but I just went to sleep ignoring it.
heldasset1: It's the best thing I can do.
Staxx: you're a braver man than i.
Staxx: i woukd have been up out of bed and running for the front door
heldasset1: ah hah
heldasset1: Well I am actually a woman
Staxx: yr still a braver man than i!!
heldasset1: LOL
heldasset1: It's pretty simple, just ignore it
heldasset1: as when I did, the presence became more...friendly I can say
Staxx: with friends like that... who need enemies?
heldasset1: ah hah very true
heldasset1: I named this person Visokiy
heldasset1: It doesn't speak
heldasset1: but I have a feeling that the symbols I start to remember is its way of speaking
heldasset1: almost like telepathy
Staxx: hmm, interesting.
Staxx: it speaks thru yr subconcious?
heldasset1: and dreams I suppose. Speaking of dreams, there has been a lack of them.

heldasset1: and you can say that

heldasset1: these symbols I had shown you is a collaboration of my memory and his messages I think.

heldasset1: Visokiy showed me a whole page of symbols and expected me to REMEMBER them

heldasset1: I lost it the next morning but I started to remember a little at a time.

heldasset1: I hope it is regularly

Staxx: and this is where <http://clgretel.files.wordpress.com/2010/02/else.jpg> came from?

heldasset1: Yeah

heldasset1: as I mentioned for

heldasset1: he showed me a page of this.

heldasset1: I can see this is only 1/16 of the symbols he showed me

Staxx: thsats a LOT of symbols.

heldasset1: Yeah

heldasset1: so hopefully my memory is very reliable

heldasset1: and getting the right signals

heldasset1: ...I am starting to get a headache

Staxx: take some aspirin

heldasset1: much better

heldasset1: I had to close my sketchbook

heldasset1: that was a first

heldasset1: I feel much better now

Staxx: good. maybe you ought to try and take a break from the sketches?

Staxx: \

heldasset1: Well I don't sketch in this sketchbook very often

heldasset1: It might be the sharpie I used for the automatic drawings

heldasset1: <http://clgretel.files.wordpress.com/2010/02/photo-135.jpg>

heldasset1: <http://clgretel.files.wordpress.com/2010/02/photo-137-e1265667271234.jpg>

heldasset1: It required lots of sharpie

Staxx: they are interesting drawings

heldasset1: Thanks. Looks crappy to me though

heldasset1: It was my first automatic drawings. I wanted to do it daily, but I moved it to weekly.

Staxx: the mind guiding the hand rather than the eye.

heldasset1: yeah

heldasset1: The first one is more obscure

heldasset1: than the second one

heldasset1: I am trying to make sense of the first one

Staxx: hmmm.. it is confusing

Staxx: i can see a tree.

Staxx: and what look like a birds beak

heldasset1: That's what I thought

Staxx: and an attempt at the 3-pronged symbol in the bottom left

heldasset1: I am not familiar with the 3 pronged symbol

heldasset1: do you have an accurate picture of it?

Staxx: it look like a primitive version of the flag of the isle of man.

Staxx: http://en.wikipedia.org/wiki/File:Flag_of_the_Isle_of_Man.svg

Staxx: in here <http://clgretel.files.wordpress.com/2010/02/else.jpg> it is 3rd row in the middle

heldasset1: Hmm never noticed that

heldasset1: it could be

Staxx: have you ever been to the isle of man?

heldasset1: No
Staxx: do you live there?
heldasset1: I never even heard of it
Staxx: ha
Staxx: not many ppl do
heldasset1: Yeah
heldasset1: I live in the States
heldasset1: how should I know XP
Staxx: it is a small island off the coast of northern england
heldasset1: but I would you to shed some light on the subject
heldasset1: mhm
Staxx: it was the site of a lot of pagan ritual activity until recent times
Staxx: being so remote (it is a long way from the mainland) it took a long time for the old pagan religions to die out
Staxx: have you seen the old film 'the wicker man'
Staxx: ??
heldasset1: I am aware of the story
heldasset1: I know I am not going to watch the Nicholas Cage one
heldasset1: LOL
Staxx: well , that is set on a island that is based upon the isle of man
Staxx: haha yeah the remake is awful.
heldasset1: yeah
Staxx: lots of strange occult / pagan happenings
heldasset1: now should I be scared?
heldasset1: ah hah
Staxx: the island also hosts a big motorbike race each year, the isle of man TT
heldasset1: Ooo nice. I always wanted to ride on a motorbike
Staxx: and is home to a small feral animal called the manx cat
Staxx: thats all i can think that is special about the isle of man
Staxx: uk history lesson over.
heldasset1: Awww...I was learning so much
Staxx: ha.
heldasset1: but anyways, the question is what can it mean
heldasset1: along with these other symbols
heldasset1: I better try figuring it out before I get more symbols
heldasset1: and wonder how can it be all connected
heldasset1: and my blog is clgretel.wordpress.com
Staxx: i will look into it and see if i can help you decode it
heldasset1: I try to update as much as I can
heldasset1: thanks
Staxx: i will contact you thru yr blog if i can help out
heldasset1: thank you very much. I just hate it when puzzles are thrown at me like this.
Staxx: you can contact me here or email me at paulspraget@gmail.com
heldasset1: Thanks
heldasset1: visit the Isle of Man for me?
heldasset1: lol
Staxx: good luck, and i hope you sleep tonight
Staxx: i may not!!
heldasset1: I will
heldasset1: and I know I know.
heldasset1: You get some sleep too if you can
heldasset1: I hope I didn't scare you too much

heldasset1: just ignore it and listen to music while you attempt to sleep. It helps.

Staxx: its fine. im tough. haha! bye!

heldasset1: Right bye!
